

Get It from the Front

Inspired by the Memphis Jug Band (1932)

C, C, C, C
F, F, C, C
G, G, C, C

energy like You Gotta Have That Thing
mmm mmm's like You Gotta Have That Thing
scat chorus like I Got Good Taters

Every morning at the break of dawn
A boy drops his paper on your front lawn

You got to get it from the front, la da dee-da
Get it from the front, roo doo dee-da
The only thing you want to do is get it from the front

Later on you take a walk downtown
And all the fellows look you up and down

If there's a run on the bank you sure didn't cause it
You let everyone make a deposit

Mmm, mmm, mmm, mmm

A chicken needs a nest to lay her eggs
All you need is a mattress to spread your legs

You can get it from the bottom, you can get it from the top
But when you get it from the front you just can't stop

Mmm, mmm, mmm, mmm

You told me you weren't gonna do it no more
Then you had ten keys made for your front door
