

I'm All Right

Big Joe and His Rhythm (1944)

Sax solo

I'm doing better than I ever done before
I ain't being drove from door to door

Yes, you drove me, everybody knows
I wasn't doing so well at that time, but I'm all right now

You drove me so much I didn't have no place to go
But I ain't gonna let you drive me no more

Yes, you drove me, everybody knows
I wasn't doing so well at that time, but I'm all right now

Sax solo

I really loved you and it was no lie
You drove me so much I was all going bye bye

Yes, you drove me, everybody knows
I wasn't doing so well at that time, but I'm all right now

Ain't no use in hanging around here anymore
You remember when you drove me from your door

Yes, you drove me, everybody knows
I wasn't doing so well at that time, but I'm all right now
