

Let's Get Drunk and Truck

Harlem Hamfats (1936) from Tampa Red (1936)

Instrumental (trumpet)

Plenty liquor and a gang of beer
A cozy corner and a word of cheer
No one to bother us while we're here
Let's get drunk and truck

I know your other man is out of town
My other woman she's not around
Now is the time to break 'em down
Let's get drunk and truck

If we should accidentally get too high to go home
I've got an extra dollar to buy us all some corn

Plenty kisses and other fun
Another gallon to wake up on
So there is nothing to be waiting on
Let's get drunk and truck

Instrumental (piano)

Plenty liquor and a gang of beer
A cozy corner and a word of cheer
No one to bother us while we're here
Let's get drunk and truck

I know your other man is out of town
My other woman she's not around
Now is the time to break 'em down
Let's get drunk and truck

If we should accidentally get too high to go home
I've got an extra dollar to buy us all some corn

Plenty kisses and other fun
Another gallon to wake up on
So there is nothing to be waiting on
Let's get drunk and truck
