Well ... she ain't got no (yes she does) oh no she don't (yes she does)  
I'm satisfied with my gal

Now she don't wear no (yes she does) oh no she don't (yes she does)  
I'm satisfied with my gal (I don't know why)

She got great big legs, pretty teeth and I love her little dimpled chin  
Golden hair, what a smile, and oh, what a mama she has been

Now will she let me (no she won't) oh yes she will (no she won't)  
I'm satisfied with my gal

## *Original:*

No she don't wear no, yes she do (no she don't) oh yes she do  
I'm satisfied with my girl, girl

She ain't got no, yes she has (no she ain't) oh yes she has  
Gee, I'm satisfied with my girl

Now big blue eyes, ruby lips, pretty dimpled chin  
Lovely shape and golden hair, ain't got none of them

Do she let me, no she don't (yes she do) oh no she don't  
I'm satisfied with my girl
